Water Exercise Classes

SENIOR SWIM

Senior Swim is an open swim time for adults to use the pool for low impact exercise. Individuals are welcome to follow each other through a full body exercise outline and lots of stretching. Kickboards and dumbbells are available for use.

SHALLOW WATER X

This class is a full body workout focusing on strengthening your muscles. The workout is entirely in the shallow end of the pool using kickboard, barbells, and noodles. Join us and find out how the resistance of the water can improve your life!

WATER X

This high intensity class is for those looking for a cardio and strength workout using water dumbbells, kickboards, and noodles. About half of the class time usually takes place in the shallow end while the second half of class time participants are allowed to exercise in the deep end.

WATER YOGA

It will be an easy to moderate class using yoga asana and pranayama while in the water lessening joint stress. Suitable for beginners to regular yoga students. Emphasis will be on connecting breathing with movement. There will also be short meditations included.
